PRO304BFEPXT

The new Bertazzoni ranges are superb cooking appliances designed, engineered and made in Italy. All Bertazzoni appliances integrate seamlessly into style-harmonized suites for a true, high-performing kitchen.

The high-efficiency maintop with 4 brass burners features a dual ring 19,000 BTU power-burner that boils water in under 6 minutes (best in class), and 3 additional MonoBloc burners of variable size and power to suit every style of cooking, with delicate simmer at 750 BTUs.

The 4.6 cubic feet oven cavity is the largest in its class, with dual convection fan for balanced airflow and even temperature baking and roasting on 7 shelf levels. The elegant digital temperature gauge monitors the actual temperature in the oven and has integrated controls in the bezel for the food temperature probe. The extra wide electric broiler with optional convection is ideal for grilling and searing at high heat.

The soft-close oven door with edge-to-edge tempered glass is a masterpiece of European engineering and makes the oven door very easy to wipe clean. Convenient smooth-glide telescopic racks on 2 levels help loading and unloading the oven.

All Bertazzoni appliances are covered by a 2-year warranty.
